Subject: Official Invitation to 5th THSDC Training on 20th August 2010

Dear Director of English Department:

Assumption University is hosting the 5th Thailand High-School National Debating Championship on the 6th - 9th of November 2010, at Assumption University, Suvarnabhumi campus. This project was initiated to encourage debating activities as a mean to develop proficiency in English language among secondary schools. English debating is also a way for individuals – particularly students – to open their minds, and from there on end view the world through many different perspectives. It teaches one to analyze, engage, listen to opinions of others and thus gain a better understanding of the world.

On behalf of Assumption University and the organizing committee of the 5th Thailand High-School National Debating Championship, I would like to extend our invitation to your institution to join our debate competition. To set a proper foundation in English debating for all the schools, the organizing committee is hosting an official training session - on **Sunday 22nd August 2010** - at MSM Building of Assumption University, Suvarnabhumi Campus (Bangna-Trad Km. 26). **This training is not mandatory.**

In regards to transportation, please refer to the map or request for one commuting Huamak campus-Suvarnabhumi campus by informing us through the training's online registration at www.thsdc.au.edu.

This year, in order to provide the training session with ease, the organising committee would like to request for your institution's co-operations in submitting the **training's registration online (at www.thsdc.au.edu) between 10th - 20th August 2010**. Please note that due to limited resources, an equivalent of 3 teams (4 persons per team) and 1 leader (can be teacher or student) is allowed to participate at the training (another words, maximum of 13 participants).

The organizing committee would like to thank you in advance and sincerely hope to receive co-operations from your institution.

Yours Sincerely,

Tassanawan Popiantong
Convenor
